

Growing in harmony with the Environment

At MB Holding group of companies, we believe that it is our primary responsibility to pass on a green-rich and abundant natural environment to future generations. We conduct our business in an environmentally friendly manner and are continuously working towards developing enduring solutions to reduce the environmental impact.

MB Holding Company LLC (MB Holding) is a multinational corporation with operations spread across the globe with subsidiaries offices in Europe, the Middle East, Africa, Asia, Australia and New Zealand.

The main activities of subsidiary companies of MB Holding include drilling and integrated oilfield services (MB Petroleum Services LLC), the exploration and production of oil and gas (Petrogas E&P LLC), manufacturing, trading and marketing (United Engineering Services LLC), and mining and processing of minerals (National Mining Company LLC).

Today, MB Holding group of companies encompasses over 6000 employees who are committed to meet the challenges of the complex and competitive oil & gas industry. The group strives to provide opportunities for the self-development and professional growth of its employees, and steadfastly forms social partnerships with the communities where it operates by developing nationals wherever possible and offers business to national companies. More than 80% of the employees are nationals of the respective host countries where MB Holding's subsidiary companies operate.
